## Wannabe Application

### Wannabe? What's that?

Have you ever wondered how you're going to find that blonde surfer teen that the client wants, or the George Clooney look-a-like businessman, the redhead housewife or the hip and trendy granny? Well, now they will come to you with WholeBangShoot Wannabe.

Wannabe is a tool which allows you to scout online by searching through a constantly growing pool of potential Talent (Wannabees), who are keen to be scouted and want to be invited to join an Agency. Finding that Model, Actor or Character to fill the spot has never been easier.

### How does it work?

There are two ways to search Wannabees.

#### Option 1 - Scout Wannabees

Search the Wannabe Talent database according to your criteria. Once you've made your selection, you can invite the selected Wannabees to come and meet with you. An invite will be sent to the shortlisted Wannabees, who can accept or decline your invitation.

Once you've met with the potential Wannabees, you can choose if you'd like to sign them up. A sign up request will be sent to the potential Wannabe who then accepts or declines the request.

Upon acceptance, the Wannabe's record will automatically be transferred to your database of Talent, which can be edited before it can be searchable by your clients.

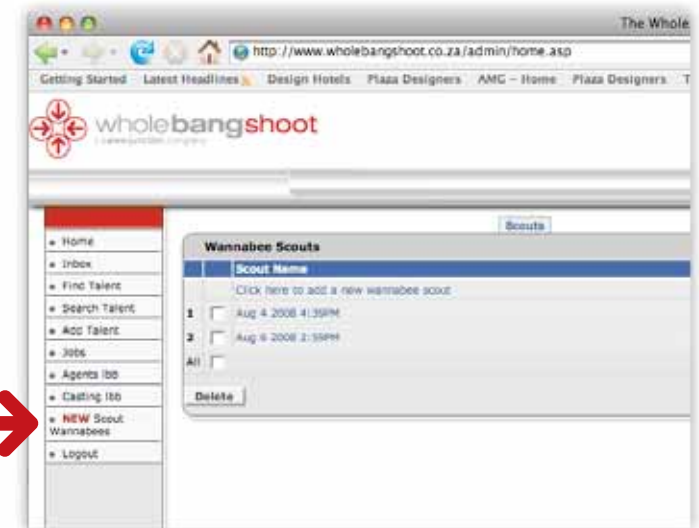

#### Option 2 - Talent search include Wannabees

This option allows you to select a tick box to "include Wannabees" when you are completing a normal Talent Search. This means you can easily see your own Talent that matches your criteria, as well as the corresponding available Wannabe Talent which could be invited to join your Agency.

The process for inviting and signing up Wannabe Talent is the same as in Option1.

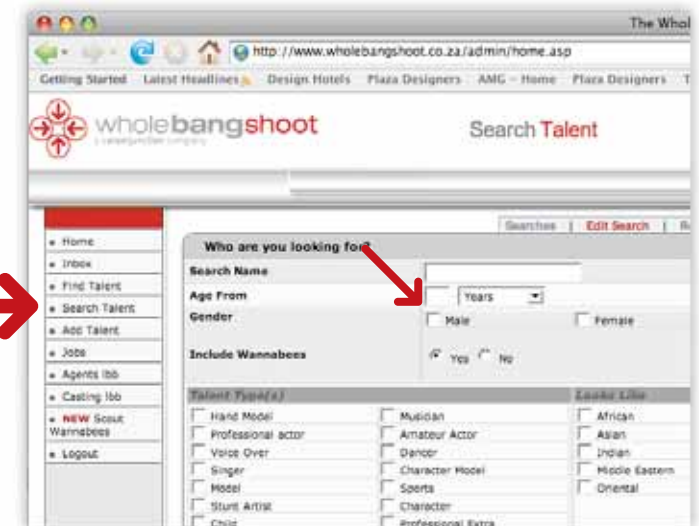

#### Option 1

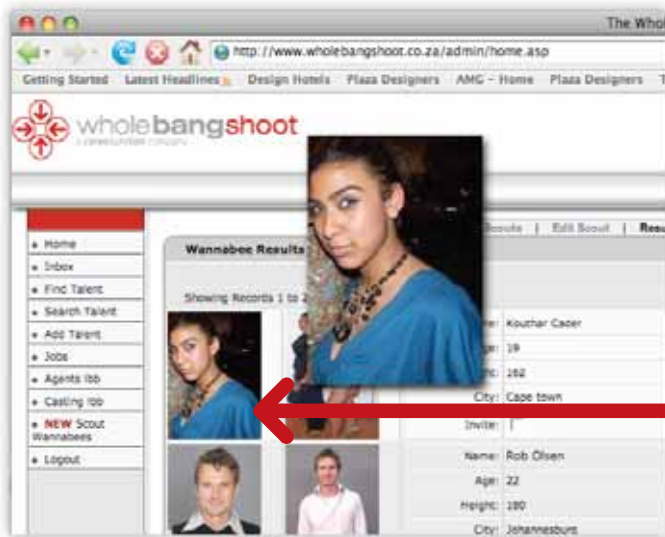

Search Wannabees directly by selecting 'NEW Scout Wannabees' link.

#### Option 2

Search Wannabees through the "Search Talent" link and selecting the "Yes" Include Wannabees button that will include Wannabees in your results.

### How do I search?

Using either 'Scout Wannabees' or 'Talent Search', you can search for a Wannabe as you would with your own Talent. You use the same criteria, same familiar layout, the only difference is, you invite Talent to join your agency instead of short listing your own.

Once you have searched and seen someone you would like to represent, you can select to invite them. This sends them a request whereby they can contact you and set up an interview.

You are able to see a head and shoulder picture plus a full body picture, with basic information such as name, age, height, location etc.

### How do I signup a Wannabe?

Once you have met with the Wannabe, and decided that you would like to represent them, you can then go to the search where they were invited from, and choose to select them for 'sign up'.

### What happens after I sign up a Wannabe?

By selecting to sign up a Wannabe, an email is automatically sent to the Wannabe and they can then accept or decline your offer to sign them up. If they accept, then you can edit and update their record. If they decline, then you can simply remove them from your list of Invited Talent. Once they have joined your agency, the Wannabe application is no longer needed and they become a Talent on your database like any other.

### How often do new Wannabees become available?

New Wannabees are uploading their details daily, and once verified by the WholeBangShoot team, they are instantly available for you to search.

### What does it mean when WholeBangShoot verifies a Wannabe record?

WholeBangShoot manually verifies each and every record before it is available for searching by agents. This ensures that you get accurate and quality records to search for.

### Why don't I have access to Wannabees?

Wannabees are only available to Agencies on the FullHouse package. Please contact us to upgrade your package.
